Dear mr Weisberg

So how's everything been going for you Every thing here is fine. Ive been working hard on my last few Chapters and Charle and I have listened to the tape and have been putting word for fword on paper. Charle Says you have a alot to Say About the Kennedy assassination. The only thing I have left to do on my book is write the last Chapter and type the rest of it out.

In my Book I talk about how I believe every thing happend and what I thought was Covered up. So I Cant Say you will Agree With Every thing I Say. But I promise I will not Change a Word you Said. I am not like Gerald posner... Since I am almost done I was thinking about Sending my finial draft is to Thunder's mouth press, or Consolidated press international, Or Carroll & Graf publishers. What do you think about those publishers. Charle Says that if I get turned down he will Just Self publish it for me.

After 4 years of research I got ahold of you and Charle asked me if I was going to try and talk to other people. I think I might like to talk to Mark Lane or Robert Groden. I know you dont Agree With them but I Still would like to talk

to them. So if you may know how I could get a hold of them please write their address down. thank you,

I am still reading while wash I am on Chapter 6. The tippit murder - I am almost done with that Chapter. So far its pretty good.

If you have any more Ideas for me or my book let me know. When it gets published you will if you want one get a copy. I'll mail it to you no Charge. I am working hard and am trying to get it done soon. But it takes time. I'll right back soon
